MEMORANDUM FOR: Director of Personnel Policy, Planning,
and Management

VIA: Deputy for Special Programs

25X1 FROM: [redacted]
Chief, SIS Support Staff

25X1 SUBJECT: Proposed Annual Leave Policy on Retiring SIS
Officers Who Are Reemployed as Annuitants [redacted]

25X1 1. I was called today by [redacted] Personnel Officer
25X1 for O/DCI, on behalf of [redacted] was in
25X1 [redacted] office and in the process of signing an annuitant
contract (six months?) following his retirement as an SIS officer
25X1 on 29 August. He wanted some immediate information on the status
of his annual leave. [redacted]

25X1 2. I pointed out that while we had discussed this matter
25X1 and had queried OPM on their policy for SES officers, no official
policy decision had been rendered by D/PPPM. However, due to the
immediacy of [redacted] concern, I offered the following as my
best professional advice: [redacted]

a. The existing guidance on SIS leave permits an SIS officer who retires to be paid for all leave accrued in the current leave year, in addition to his beginning-of-year balance, without the requirement to "use-or-lose" 80 hours.

b. OPM advises that an SES officer who leaves the SES for any reason including retirement and converts to a GS status is permitted to retain as his maximum leave balance the amount available on the day of his SES termination.

c. Based on the above, an SIS officer should likewise be permitted to carry forward (and eventually be paid for) the leave balance as of the day of his SIS retirement. If immediately rehired as a GS equivalent annuitant in a status permitting accumulation of annual leave, the officer would be obliged to use or lose all leave earned while in this contract status.

~~CONFIDENTIAL~~

25X1 3. - I reiterated to [redacted] and to [redacted] who was
also on the line) that this was my opinion and had not yet been
confirmed by OPPPM. However, it does represent my considered
25X1 view on our proposed policy. I promised to advise [redacted] as
soon as a definite policy decision has been made.
